

# California Wildlife

Think about what you already know about the animals in each group.

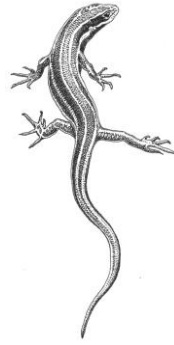

Circle  the animal that does **NOT** belong in each group.

**California Quail**

**Golden Eagle**

**Western Fence Lizard**

**Red-winged Blackbird**

**Brush Rabbit**

**Sea Star**

**Gray Squirrel**

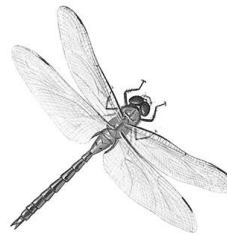

**American Beaver**

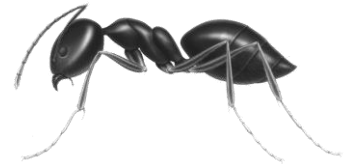

**Monarch Butterfly**

**Rattlesnake**

**Dragonfly**

**Ant**

# California Wildlife

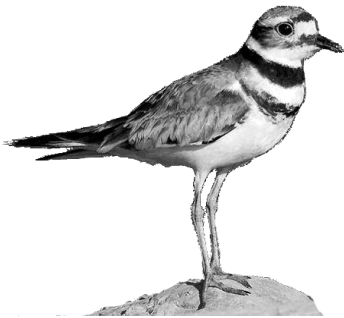

*Scientists place animals into groups to help them gather information about what different types of animals have in common.*

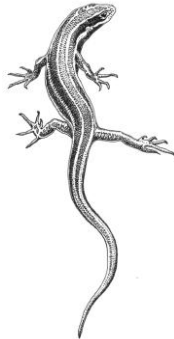

Place a circle around the **mammals**. ○

Place a square around the **reptiles**. □

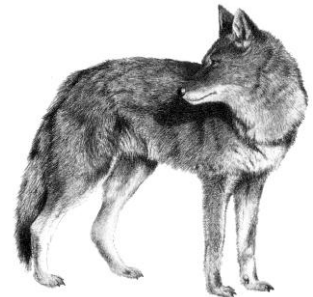

Place a triangle around the **birds**. △

**Killdeer**

**Western Fence Lizard**

**Coyote**

**Striped Skunk**
