

Creeks & Ponds

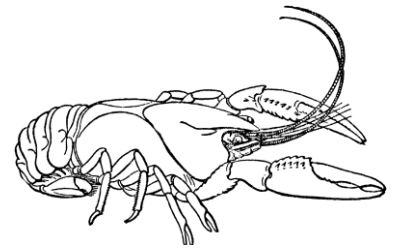

Only color the animals that you think live around creeks and ponds, but make them look as real as you can remember!

American Beaver

Gray Whale

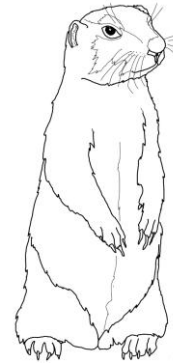

Crayfish

Sea Star

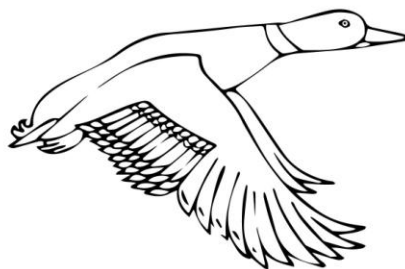

Red-legged Frog

Pocket Gopher

Muskrat

Mallard Duck

Spotted Skate

Creeks & Ponds

Some adult **insects** and **amphibians** look and act very different from when they were first born. This process of change is called **metamorphosis**.

Match the adult animal with its young...

Pacific Tree Frog

Dragonfly

Tiger Salamander

Mosquito
