

# Going Green!

## Nature Van Pre-Activity

You can help wildlife by doing the 3 R's: **REDUCE, REUSE, RECYCLE**

**Reduce** means we do not make as much trash by carefully picking what we use.

**Reuse** means we use something many times, not just one time.

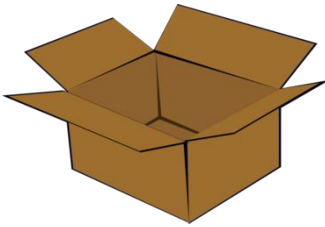

**Recycle** means using that product to make a whole new item!

Draw a **CIRCLE** around the items you would want to **REDUCE**.

Draw a **SQUARE** around the items you think you could **REUSE** again and again.

Draw a **TRIANGLE** around the items you would **RECYCLE**.

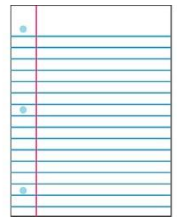

Are there any items that are left for the trash?

Cardboard Box

Plastic Shopping Bag

Paper

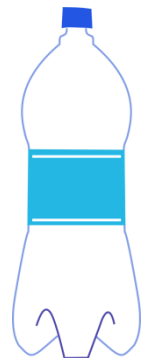

Drink Carton

Soda Can

Plastic Fork, Spoon,  
and Knife

Plastic Water Bottle
